Point-of-Care Ultrasound in a Whole New Light

Acclarix™ AX8
Diagnostic Ultrasound System

Distinctive Design

Always Ready

- About 35 seconds of booting up time for cold starting and 7 seconds from standby mode
- 8 hours continuous scanning with E-Bank
- Built-in Wi-Fi
- Semi-auto height adjustment
- Compact multiple transducers connection, 3 probes connected maximum
- Flexible high-capacity storage tank & placing table

Simple but Reliable

- Magnalium alloy body aims high standard durability
- Seamless control panel, easy to do cleaning and disinfection
- Waterproof certification of IPX1
- Intuitive touch pad with gesture control
- Customizable touch screen

SynSight Zone Sonography Platform

- Powerful image processing hardware and high-performance beam-forming algorithm, greatly improved contrast and lateral resolution
- Dynamic focusing on full-field, no physical focus adjustment required, excellent image uniformity, consistency, penetration

SynSight OFF

SynSight ON

Stunning Clarity

Powered by the latest SynSight zone sonography platform, the AX8 offers extraordinary profitability in both imaging quality and automatic solutions, combined with its portable design and simplified workflow, make it ideal for critical care and emergency application. In particular, the smart cardiopulmonary assessment solution saves more time for critical scenarios.

Critical Care Application

Auto VTI

Auto IVC

Palmer Flow

Auto B-Line

Stress Echo

LAX

Emergency Application
